7. Engine	CFM56-5B6/P	8. Propeller	Not Applicable
-----------	-------------	--------------	----------------

9. Maximum Takeoff Weight	10. Maximum Landing Weight	11. Noise Standard (If Applicable)
166,448 lbs. 75,500 kg.	137,788 lbs. 62,500 kg.	U.S. FAR Part 36 Stage 5

12. Additional modifications incorporated for the purpose of compliance with the applicable noise certification standards:

NONE

13. Lateral / Full Power Level	14. Approach Noise Level	15. Flyover Noise Level (If Applicable)	16. Overflight Noise Level (If Applicable)	17. Takeoff Noise Level (If Applicable)
91.4 EPNdB	93.7 EPNdB	86.4 EPNdB	Not Applicable	Not Applicable

18. Subject Aircraft Noise Levels
The aircraft listed on this form meet the requirements of 14 CFR Part 36. The noise information on this document has been derived from: EASA/FAA-approved A319-112 AFM, dated 06 August 2025. Reference APP-NOI P 7-14/54.

19. Date: 22 August 2025
